	<ul> <li>Lack of Driver's Licenses as a barrier to employment for returning citizens is a key focus of this effort.</li> </ul>
	Dave Meador's quote, "Equity and inclusion is at the intersect of workforce development" was repeated by Alice and credited as key to the understanding of our work.
GDYT Update	Jason Lee gave a brief update on GDYT and where we stand to date:  • We have reached our financial target of 11.5M.  • Career Academy Program (CAP) is doing well.  • Bloomberg team was here last week and set up interviews for employment opportunities for youth. This was successful and a great learning experience for the students.  • We are anticipating that our goal of 8k students will be reached.
	Nicole acknowledged that it is a very big deal that we have met our financial goals.
	Stephanie gave a comparison and acknowledged the grow in our Industry-Led Training Program:
	<ul> <li>2016-450 enrolled in our Industry Led Training in Communications, Human Services, Skill Trades, Culinary Arts, and Hospitality Retail.</li> <li>2017-640 enrolled and we expanded training with Child Care, and</li> </ul>

Questions from Committee Members	As Jason Lee presented GDYT Update to the committee, the following questions were asked:  Alice inquired about the start date for the GDYT students this summer.  Jason replied that July 9th will be the official start date. Some employers requested a later start date, but most of our students will start on July 9th. A small number of youth have start already.  Cal inquired about the number of weeks these students will be working.  Jason stated that they will work 6 weeks, 120 hours.  Alice wanted to make sure that all kinks that we ran into last year had been taken care of regarding the kids debit cards.  Stephanie replied stating that all students will be paid through debit cards. We have also made sure that there are enough ATM machines across the city so that youth won't be charged a fee to access their money. Will get more details on any other fees and the utilization of the cards.  Jason added that they will have an app that shows them different locations in their area where they can use the ATM at no charge. This information is given to them in their hand books and shared verbally during their orientation.  As Stephanie highlighted our Industry Lead Training Program, the following was asked:
	<ul> <li>Alice asked whether the committee received the data that was reported.</li> <li>Stephanie will prepare a chart that is reader friendly to show a better analysis and will make sure it comes to this committee.</li> </ul>

	As Stephanie briefly acknowledged our JAG Program and their excellent work, the following was requested:  • Alice requested an update on Osborne and Cody specifically because they work closely with those 2 schools. They have staff their and would like to take a deeper dive into their outcomes. Stephanie will get that data to Alice and the entire committee.
