

Shelter Program Services 2024 RFP Response to Questions

- 1. Can the funds be used to help build an emergency shelter or only to operate an existing one? We are building a tiny home village for homeless in Detroit and are needing some funds to match what we already have. Please let us know.?**

RFP is seeking shelter program services described in the RFP's scope of work that includes a minimum of 20 new emergency shelter beds for single adults. To be considered for an award of this service, the proposing organization or individual must meet the following qualifications:

- Applicant must have at least three (3) years of experience providing shelter program services detailed in this request for proposal.*
- Applicant must have a valid Building Certificate Safety inspection, Fire Inspection, and Detroit Health Department food safety (only applicable to programs preparing meals for residents) requirements.*

Additional requirements are specified in RFP Section IV. Scope of Work.
